Recipe for Blackberry and Almond Friands

Ingredients: 115g unsalted butter, melted, plus extra for greasing.
65g plain flour , plus extra for dusting.
100g ground almonds.
165g icing sugar, sifted, plus extra for dusting.
½ tsp almond extract.
6 egg whites.
12 blackberries.

Method: 1. Preheat the oven to 180degC, gas mark 4. Brush the holes of a 12 hole muffin tin with the extra butter, then dust each hole with flour, shaking out any excess.

2. Mix together the flour, ground almonds, icing sugar and a good pinch of salt in a large bowl. In a separate bowl, use a fork to lightly whisk the almond extract into egg whites. Slowly mix the egg whites into the bowl of dry ingredients, combining with the fork as you go. Mix in the butter until just combined.

3. Transfer the batter to a large jug and pour evenly into the muffin holes. Put a blackberry on top of each (they'll sink as they bake so there is no need to push them down). Bake for 30-35 minutes until just golden. Leave in the tin for 5 minutes before turning out onto a wire rack to cool (you may need to use a table knife to help ease them out). Dust with a little icing sugar before serving.

NB: This recipe makes 12 friands. Please display six in your entry.

Class 28 - Autumn Show

R.C.H.S. TOP VASE RULES

The R.C.H.S. Top Vase Class is for a vase of mixed flowering stems containing a total of between 5 and 10 stems, taken from a minimum of two different kinds of plants. Please note that it is two different KINDS of plants; two varieties of the same plant are **not** two kinds.

Only fresh, HOMEGROWN flowers can be used in the vase. No dried or silk flowers are allowed.

The display will be judged out of a total of 35 points, split into 25 points for the colour, form, condition, quality and freshness of the flowers on display, and 10 marks for the overall presentation and effect of the flowers in the vase. **The vase will be viewed from all directions.** Judging of the flowers should be to the normal rules used for other classes.

Stems used in the display must be showing flowers only; no seed heads or berries will be allowed.

The vase can be any shape and size and made from any material, but must be in proportion to the display. No marks are awarded for the vase itself.

No accessories whatsoever - such as bows and additional foliage - will be allowed. Foliage, which is growing naturally from the flowering stem, and still attached to that stem will be allowed. Packing material - including floral foam - to keep the stems in place is allowed.

NOTES FOR EXHIBITORS AND JUDGES

Flowering stems can be taken from ANY flowering plant. The different kinds of plants need to be taken from different genera. For instance, Pinks, Carnations and Sweet Williams - which are all dianthus - would not be classed as different kinds.

Only fresh, home grown flowers can be used in the vase. No dried or silk flowers are allowed.

A vase by definition is any vessel that can be used to hold cut flowers and is taller than it is wide at its widest point.

Judges: Note the display has to be viewed all round.

The points awarded should be clearly marked by the judges on the exhibitors' cards.

Any queries that may arise, regarding anything other than the above rules, should be referred to, and decided by, the show officials.

Failure to abide by the rules will lead to disqualification.

Class 58 - Autumn Show

R.C.H.S. TOP TRAY RULES

The R.C.H.S. Top Tray Class is for a collection of three types of vegetables taken from the following list of eight. The quantity of each vegetable required for the collection is given in brackets and each type must consist of the same variety: carrots (3 or 4), cauliflowers (2), onions (3 or 4), parsnips (3 or 4), peas (6 pods), potatoes (3 or 4), runner beans (6 pods), tomatoes (6). Each type of vegetable will be judged out of a total of 20 points. This is split into three sections as follows; seven points for size shape and colour; seven points for condition; six points for uniformity. The overall mark will therefore be out of a total of 60.

All vegetables are to be displayed for effect. The vegetables must be displayed within an area measuring 45cm by 60 cm, without bending any part of them. No part of any exhibit may exceed the size of the tray. A tray or board measuring 45cm by 60 cm can be used to display the vegetables, or the area can simply be marked on the staging. Where a tray has a lip or edge, it is the internal measurements that must not exceed 45cm by 60 cm.

A black cloth is permitted, and the tray may be painted. Parsley is allowed for garnishing, but no other foliage or accessories, such as plates, sand, rings and so on, will be allowed. Onion tops may be tied or whipped using raffia or string.

NOTES FOR EXHIBITORS AND JUDGES

Carrots and parsnips must have foliage trimmed back to 7.5cm.

Peas and beans must be displayed with some stalk attached.

Tomatoes must be displayed with calyxes (the green flower bud case).

Judges may handle exhibits, open pods and so on to check for quality.

The tray, board or staging must not be cut or mutilated in any way at all - such as cutting holes for standing onions in.

The points awarded should be clearly marked by the judges on the exhibitors' cards.

Any queries that may arise, regarding anything other than the above rules, should be referred to, and decided by, the show officials.

Failure to abide by the rules will lead to disqualification.
